Disclaimer of Warranty

- To accommodate the local weather, most of Car Company would adjust little bit different for the ECU. As changing intake or exhaust system would cause engine lights on, the purpose of ARMA is to help car user to have best efficiency. ARMA will not guaranty and offer warranty for the sense of driving, change gears, torque limit, engine light on, etc. Please kindly understand any modification may cause risk.
- This product is designed to improve car performance for everyday driving. This warranty becomes invalid if the product is used in race or competition.
- ARMA Limited Warranty does not cover any damage to the product caused in whole or in part by force majeure or harsh riding characteristics.
- Manufacturer shall NOT be liable for incidental or consequential damages whatsoever and in no case shall Manufacturer be responsible for any damages exceeding the original purchase price of the product.
- Purchaser understand and agree only ARMA has right to amend the terms of use, as any agents or performance car shops cannot violet the statement.
- All performance parts or systems should be installed by mechanics who are experienced in the installation and proper operation. The warranty is void if the product is misused or alters the design and disassembling without authorization of Manufacturer, or failure to follow Manufacturer's instructions to install and maintain.
 - Improper installation: If the vacuum valve is directly installed right above the exhaust pipe, it will cause a certain degree of damage to the valve after long-term use. The ECV box only must be located in the driver cabin, or the warranty will be void.
 - As the installation manual has no notify, please do not drill, trim, paint, modified... etc. In addition, please do not destroy or change the function, outside look and setting method. Otherwise, it will not be under the warranty.
 - Hot swapping: A hot swap of electronics is strictly prohibited. It will cause a direct damage to the electronic units.
 - Avoid damaging to AMRA objects during cutting or installation, or reversing the polarity.
 - Electronic units being damped is not covered under ARMA warranty.

Limited Warranty

ARMA ("Manufacturer") warrants to the original buyer that this product is free from manufacturing defects in materials and workmanship in the limited duration. If the product is found to be defective, in Manufacturer's sole judgment, it will be either repaired or replaced by a new product, and the buyer shall be liable for return shipping/handling fees. If this products has been stop for production, we'll only take repair, but no exchange.
